

**Gospel of
Atheism**

PROOF THAT THERE IS NO FREE WILL

Here comes some proof that free will is a lie!

[Salvation by
atheism](#)

All agree that I cannot choose evil just because it is evil. I think and feel that it is the best given the circumstances. If I cannot choose evil just because it is evil then it is wrong to think I see my wrong action as good but also bad because then I see the bad part as justifiable under the circumstances too.

[What is self-
esteem?](#)

No part of my action is attracted to evil as such but only towards what I perceive as good in it under the circumstances. But when I do wrong I am wrong. To see evil as good is to be insane unless I

esteem
important?](#)

don't know it is bad in which case I am just making an understandable mistake. Therefore I am not responsible for my good actions nor am I responsible for my bad ones because I can't be responsible for good without being able to be responsible for evil. Experience proves that we are not free but just that we feel free though we are not. We feel free for it makes us happier and that is the only
