

**Gospel of
Atheism**

SIMPLICITY PROVES WE HAVE THE TRUTH

You have to think and see the truth for yourself.

Avoid a long and difficult examination of which competing religious and spiritual claims are right and depend on this book as your reason understands it. Take for example, the controversy between Mormons and Christians. Each side has an answer for the other so it is hard work to sort out who is twisting logic and taking forbidden shortcuts in it. If you base your world-view on people's testimony you will never be satisfied and fully sane because disagreement and confusion abound. You need to be healthily sceptical.

esteem
important?](#)

So how are we to know which of the many philosophies or religions of the world is right? By the unique simplicity and commonsense of the teaching and it must be something that is easily proven to be true for we cannot refute every error people make and so we focus on the basics. Only Humanism is able to live up to this standard.

yourself](#)

[You want to be
happy.](#)

All our simplicity protects people from being misled and manipulated for it leaves little room for error and saves them from the clutches of those who twist the truth to give them convincing evidences for this and for that that are full of flaws and clever deceptions. The Humanist just needs to remember and understand the basics of the book and that is all. Atheism is the truth.

[You can be
happy.](#)

[To love
yourself means
loving yourself
alone
ultimately.](#)

Even if there were no proof in our favour it would be clear that it is safest to follow our philosophy and so we should. If God is good he will understand and reward our sincere efforts. Fire can burn you even if you sincerely believe it will not. This does not prove that God will condemn you for meaning well for he is not letting you be burned for meaning well but because he will not change reality all the time to suit your beliefs for that would be chaotic.
