

## THE CRUEL CHRISTIAN DOCTRINE AGAINST CONTRACEPTION IS MADE TO LOOK CARING

The doctrine that contraception is wrong may be dressed up in the robes of charity. But it is actually a woman-hating and dangerous doctrine that gives men the right to procreate through rape. It plainly gives husbands carrying killer sex diseases the right to pass on the disease to their wives and future children by forbidding condoms even then. Contraception like all things human has had some bad results. But the results would be totally horrendous if the Catholic doctrine were followed consistently and in bigger numbers. Catholicism should believe that birth control is evil - its part of its identity as a religion. Catholicism can't be the true religion if it is wrong about how sinful birth control is. But people should separate from it so that there will be no Catholicism left to believe it. If you belong to or claim to belong to a religion that should believe evil things, then even if it doesn't, you are being evil and supporting evil. A religion that doesn't understand or admit or see how evil it is meant to be is a religion that is being praised for going against itself. It is no compliment to praise it for you are praising ignorance and disobedience. Separate from it.

The pope knows fine well that if you believe in morality there are only two options:

One, the legalistic idea that actions are wrong in all circumstances, eg changing religion or using contraception.

Two, the idea that it all depends on the situation so a woman can use spermicide if she is about to be raped even if contraception is generally wrong etc. This being so, he has no right to order people and must leave them to decide. Instead, without compromise he orders all to believe on God's authority that birth control and using spermicides is always wrong. Though it leads to contradiction, he accepts one when it suits him and when it doesn't he accepts two. He has no right to expect people to believe he condemns in good faith.
